

FP7

Seventh Research Framework Programme

SUBITO

Surveillance of Unattended Baggage and the Identification and Tracking of the Owner

<http://www.subito-project.eu/>

Demo and End User Workshop

Genova September 28th 2011

Hosting organization
Selex Elsag spa

Users involved in the application of video analytics for surveillance will have a chance to see and discuss the SUBITO project results. The event, with the duration of **one day**, will be organized in two parts: a **demo session** and a **workshop**. The workshop will be organized as a panel with discussion. Interested organizations will also have the opportunity to present their work in a **Poster** session.
